North Star Elementary School

October 2017 Newsletter

A school filled with love, laughter and learning

Welcome to October. Get bundled up and comfortable, because that cool air is sticking around for a while! Students need a warmer coat, mitts and hat, especially first thing in the morning. Our cold weather policy brings students inside once it reaches minus 25 and we sure hope that kind of cold doesn't arrive until January!

A Fabulous Family Evening of Entertainment!

Hoja, a Canadian accapella group will be performing at North Star on Thursday October 19th for our students. There will also be an evening performance for community members and families. This performance will be a fund raiser for North Star Elementary, with proceeds going towards our Outdoor Play equipment costs. Cost \$10.00/family and one item for the local Food Bank.

Both performances promise to be amazing! Audiences are often very surprised to learn that every sound they hear is created by the performers, there are no instruments being used. They play a wide variety of music from doo wop to country and back to rock and roll! We sure hope to see you out on Thursday October 19th, 6:30 at Cold Lake Middle School.

HALLOWEEN ACTIVITIES

Halloween falls on a Tuesday this year and always brings great excitement! We will be organizing a school wide costume parade as well as an afternoon filled with activities for all. Please do not send Halloween candy throughout November, as we are an APPLE school and are teaching our students to choose healthy snack alternatives to candy. Thank –you !

The students at North Star Elementary School have access to a broad range of programming:

1. Daily Physical Education
2. Weekly Fine Arts Afternoon
3. 60 minutes of Music Instruction/week
4. Yearly Artists in Residence Program
5. Alberta Opera Performance
6. Science In Motion activities
7. Cultural Programming – FNMI Story Teller
8. Weekly Character Education
9. Increased integration of technology – Google Apps, blogs, ipad use and Smart Boards in every room.
